18.	Site Photograph (<i>Dil hmun tur thlalak</i>)	☐ Attached (<i>geotagged ni thei se</i>)

3. Scope of Work (*Hna kalphung sawifiahna leh tehfung hriattur pawimawh*)

The proposed work involves the complete construction of an earthen fish pond with inlet, outlet, and water conveyance systems to ensure water availability throughout the year, within the approved cost of ₹ 8.40 lakh/ha under PMMSY. It shall include the following components and standards:

(He ruahmanna ah hian dil siam zawh tur chu tui luan luhna (inlet), tui luan chhuahna (outlet) leh dil chawm tu tur tui hna kawng tha kumltuan a rin theih siamna tur a huam a. Heng ti hlawhtling tur hian PMMSY chuan Rs.8.40 lakh/hectare hmang turin bituk a siam ani. Heng a hnuaia tarlante leh tehkhawng te hi hman ani ang:)

- **Site Preparation** - Clearing vegetation, stones, and debris; stripping topsoil; marking layout with stakes; and providing temporary drains to divert runoff during work.

(Hmunhma lo buatsaih – Hnim, lung leh bawlhhlawh tihfai; leilung chunglang (topsoil) tih kiam; mau ngul zum emaw hmanga hmun rem dan (layout) chhinchhiah, leh hnathawh laia tui luang darh tur venna atana tuihawk khuapna tur (temporary drain) siam.)

- **Earthwork & Dyke Formation** - Excavation to achieve a minimum average pond depth of 1.5 metres; using suitable excavated soil to form dykes with crown width not less than 1.5 metres; maintaining inner and outer slopes of 1V:2H and 1V:2.5H, respectively; and ensuring a freeboard of at least 0.3 metres above the full supply level. Dykes shall be properly trimmed, shaped, and dressed for stability and neat appearance.

(Lei laih leh dil tlangpui siam – Dil thuk zawng tlangpui 1.5 meters tal ni tura laih tur ani a, lei vung chu dil tlangpui siam na atana hman zel tur ani a, dil tlangpui zau zawng hi 1.5 metres aiin a zim tur anilo. A chhung leh pawn lam mual mam zawng (slope) chu 1V:2H leh 1V:2.5H theuh tura siam tur ani a, tui chim chin chu 0.3 metres vel tal in dil tlangpui aiin a hniam tur ani. Dil kamte chu a ngheh zawk nan leh a felfai zawk nan mumal taka siam a, tihfai a tur ani a, hei hian a land an thlengin a ti felfai ani.)

- **Hydraulic Works** - Construction of an inlet with silt trap and mesh screen, an outlet/sluice with valve or gate for controlled drainage, and an overflow notch for excess rainwater. A functional lean-season water conveyance system (gravity channel, HDPE pipeline, or low-lift pump) shall be provided to supply water from a nearby stream or spring as required.

(Tui luanna kaihnawih hna te- Dil a tui luhna (inlet) ah chuan hnawm hnawk vengtu (mesh screen) hnawh tlingkhawm dil a lut tur veng turin dah ngei ngei tur ani a, dil atanga tui tihchhuah theih turin a paih chhuahna (outlet/sluice) siam tur ani a, ruahtui tam lutuk luan chhuahna tur (overflow notch) pawh siam ngei tur ani. Tuihna hnaivai, lui emaw, tuikhur emaw atanga tui lak theihna tur (chhuk zawnga dil a luang lut in emaw, Plastic pipeline emaw, dil a pump luh in emaw) a tul dan ang zel a ngaihven tur ani.)

- **Finishing and Compaction** — Manual compaction or ramming along dyke bases and pond bed; dressing and levelling of inner slopes; and removal of loose material to ensure a smooth, even pond surface ready for water impounding.

(Hna zawh fel leh lei tihngheh- Dil kam hnua leh dil mawng chu mihring tha emaw, khawl hmang emaw a tih muk tur ani a, a chhung lam mual (slope) tih mam; leh lei thawl paih vek a, tui khawl thei mai tura dil mawng leh a vel buatsaih tur ani.)

The completed pond shall be capable of retaining water for at least 48 hours after filling and shall meet all parameters above to qualify for subsidy support under PMMSY.

(Dil zawh fel tawh ah chuan tui dah khah anih hnua darkar 48 tal tui a pawm thei tur ani a, PMMSY hnuaia subsidy dawn theihna tura a chung a tarlan thil pawimawh te khi a tlin vek tur ani.)

4. Cost Estimate (₹ 8.40 lakh / ha) (*Pawisa hman dan tur chhut lawkna.Rs.8.40 lakh/ha*)

Sl. No.	Component	Unit Rate (Rs. lakh/ha)	Area (ha)	Estimate Cost (Rs. lakh)
1	Site Preparation & Layout (<i>Hmunhma buatsaihna</i>)	0.42		
2	Earthwork & Duke Formation (minimum average depth 1.5 m (<i>Lei laih leh dil tlangpui siam na (dil thuk zawng 1.5 metre tal ani tur ani)</i>))	5.88		
3	Hydraulic Works (Inlet/Outlet/Water Conveyance (<i>Tui hna kaihnawih hna te (Inlet/Outlet/Tui lakluh na)</i>))	1.68		
4	Manual Compaction & Finishing (<i>Mihring tha a dil tih muk leh dil peih fel</i>)	0.42		
	TOTAL PROJECT COST (A)	8.40		

5. Funding Pattern (*Pawisa hmuh dan tur*)

Govt. Assistance (₹ Lakh) <i>Sawrkhar tanpuina (Rs. Lakh)</i>	Beneficiary's Share (₹ Lakh) <i>Tanpuina dawngtu tum ve tur (Rs. Lakh)</i>	Beneficiary's Share Expected from (<i>Tanpuina dawngtu tum ve tur khawi atangin nge ni ang?</i>)
		☐ Bank Loan ☐ Self-finance (<i>Mahni pawisa</i>) ☐ Both (<i>A pahnihin</i>)

6. Techno-Economic Feasibility (*Kan ruahmanna hlawk dan tur chhut lawkna*)

Item	Estimate
Fish Species Proposed (<i>Sangha chi hrang khawi tum te</i>)	
Expected Fish Yield (tonne/year) (<i>Kumkhata tharchhuah zat tur beisei (tonne/year)</i>)	
Sale Price (Rs./kg) (<i>KG khat rate beisei (Rs./kg)</i>)	
Annual Gross Income (<i>Kum khata sum lakluh zawng zawng</i>) (Rs.)	
Annual Operating Cost (<i>Kum khata senso zawng zawng</i>) (Rs.)	
Net Annual Income (<i>Kum khata hlep theih zat tur</i>) (Rs.)	
Direct Employment (<i>Hnathawk tur mi engzat nge awm</i>)	
Indirect Employment (<i>A tul huna hnathawk chhuak thei tur midang engzat nge awm</i>)	

7. Declaration by Applicant (*Dan zawmna leh intiamkamna*)

I hereby declare that-

(Kei hian a hnuaia thu te hi thudik chauh ani tih ka pawm a. Heng a hnuaia thu te hi ka zawm ang tih ka intiam e -)

1. I am the rightful owner or legal lessee of the proposed land, free from encumbrances or disputes, and in case of leased land, the lease period is not less than seven (7) years from the date of this proposal.
(Ram neitu tan - "Dil siam na hmun tur ka ruahman hi a neitu diktak ka ni a, ram min chuhpuitu emaw he ram chungchangah hian midangte nen in nghirngghona engmah a awmlo tih ka Chiang e"
Ram hawh tu tan - "He ruahmanna ka thehluh atanga kum 7 aia tlem lo hawh tur ka ni tih leh dan ang thlap a hawh ka ni tih ka Chiang a, buaina awm thei lakah ka fihlim ani.")
2. A. I have not availed subsidy for the same activity or land under any other Government scheme. ()
(He ram ka ruahman mek ah hian sangha dil laihna atan, sawrkar scheme atangin tanpuina subsidy ka la hmu lo.)
B. I have not availed subsidy for the same activity or land under any agency. ()
(He ram ka ruahman mek ah hian sangha dil laihna atan, agency atangin tanpuina subsidy ka la hmu lo.)
3. I shall construct the pond as per the approved design and PMMSY technical standards, ensuring a minimum average depth of 1.5 m and functional inlet, outlet, and water conveyance system to the satisfaction of the Fisheries Department.
(PMMSY in dil siam dan tur a sawi ang takin dil ka siam anga, a thuk zawng 1.5-meter aia tlem lovin ka lai anga, tui hna dil a lak luh dan kawng leh dil a tui luh na leh chhuah na Fisheries Department in an pawm ngei turin ka buatsaih ang.)
4. I understand that the Central assistance (subsidy) will be released in instalments to the State Government, and that my subsidy will be disbursed accordingly in instalments based on verified progress and quality of work, as assessed by the DFDO or authorized representative.
(Central sawrkar in Mizoram sawrkar hnenah dil laih tanpuina (subsidy) chu a tahtawl in (installment) a pe thin tih ka hria a, DFDO emaw a aiawh ten ka dil siam an endik hnuaia ka hnathawh that dan a zir in installment in ka hnenah an pe ve leh dawn tih ka hria e.)
5. I accept that subsidy release shall be subject to physical verification, quality assurance, and completion of work, and shall not be automatic or full unless all prescribed standards and documentation are met.
(Subsidy dawn dan kalphung hi hnathawh that dan, quality endikna leh hna zawh fel hnu ah chauh pek chhuah kim a ni ang tih ka pawm a, PMMSY in dan a siam mil thlap leh document pawimawh zawng zawng hlen fel anih loh chuan ka dawng kim thei dawn lo tih ka pawm e.)
6. I shall operate, maintain, and use the pond for fish culture for at least ten (10) years from completion.
(Dil hi siam zawh a nih atanga kum 10 tal sangha khawi nan ka hmang ang.)
7. I understand that if the pond is abandoned, misused, diverted, or falsely reported, the Government subsidy shall be recoverable with interest as per PMMSY and Departmental rules, and I shall refund the full amount received.
(Dil hi enkawl lohin ka dah emaw, diklo takin thildang tih nan ka hmang a nih a, report dik tawlo Department hnena ka thlen anih chuan, subsidy/tanpuina ka dawn tawh chu PMMSY leh Department dan leh hrai ang in a pung (interest) zawng zawng nen a rulh let leh theih a ni tih ka hria a, sum ka dawn tawh zawng zawng ka rulh let leh vek angai tih ka hria in ka pawm e.)
8. I shall permit Departmental officers to inspect the site during or after construction to verify quality, functionality, and continued use.
(Department officers ten ka dil siam lai in emaw, siam zawh tawh hnu ah a ni emaw, a that dan te, enkawl chhunzawm a nih leh nih loh te an rawn endik ka remti e.)
9. I am aware that any false information, poor-quality work, or deviation from approved design may lead to cancellation of subsidy and disqualification from future schemes.
(Information dikloh vang te, hna thawh chhiat lutuk vang te, Scheme guideline-in a nih tur ang thlap a bituk sa phak lo leh mil lo lutuk a hna thawh hian tanpuina dawn tur cancel sak leh scheme dang dil ve theih tawh lohna a thlen thei tih ka hria e.)

3. Scope of Work (*Hna kalphung sawifiahna leh tehfung hriattur pawimawh*)

A. Paddy Cum Fish Culture: The breakup assumes that the ₹1.00 lakh/hectare assistance is for inputs and minor infrastructure typically supports integrated fish farming — combining paddy cum fish on an existing or developed pond. It shall include the following components and standards:

(A. Buh leh Sangha khawi pawlh: Rs.1.00 lakh/hectare tanpuina dawn tur hian sangha leh ran/thil dang khawi pawlhna atan a dil chhung mamawh leh thil tenau lakkhawmna tur a kawh ber a. Chumi awmzia chu dil awmsa emaw hman mek te atanga buh thar theihna a kawh ber. Tanpuina sum dawn tur hi a hnuia thil leh tehfung hrang hrang tarlan te siamna atan a hman tur ani)

- **Paddy Field Modification / Bund Strengthening-** Raising bunds, inlets, outlets, and trench preparation.
(Buh hmun tihdanglam/dil tlang tihchak; Dil kotlang tihsan, tui luhna, tui chhuahna leh hmun awl thuk lai bik (trench) siamna tur)
- **Fish Seed (Fingerlings)-** Advanced Fingerlings Rs. 10 @ 3000 / Ha.
(Sangha chi (Fingerlings) leina tur: Sangha chi lian deuh tawh, chi pakhat man atan Rs.10 zela leiin, sangha chi 3000 chu hectare khat (1) a dah tur a ni.)
- **Fish Feed**— Grower and supplementary feed
(Sangha chaw: Sangha lentirna chaw (Grower) leh sangha chaw aiawh tur chaw leina)
- **Lime and Fertilizers**— For soil and water conditioning (liming, cow dung, urea, SSP)
(Chinai leh lei tha: Lei leh tui sawngbawlna tur (chinai, bawnggek, urea leh SSP) leina)
- **Paddy Seed & Other Inputs-** Quality paddy seed, fertilizer, pest management
(Buh chi leh a dang dah tur: Buh chi quality tha, leitha leh rannung thahna tur leina)
- **Water Management / Irrigation Arrangement-** Channel, pipe, or pump for water control
(Tui lakluhna leh tui luanna tur siamna: Tui kalna, tui pipe emaw tui pump chhuahna tur siamna)
- **Implements and Labour-** Harvesting nets, tools, labour, maintenance.
(Inhlawhfa hlawh leh thil tul dang mamawh: Sangha manna len, hmanrua, hlawhfa hlawh leh inenkawlina senso atana hman tur)
- **Miscellaneous / Contingency-** Signboard, maintenance, miscellaneous.
(A tul dangte/harsatna thil thleng thut a hman tur: Signboard, dil enkawlina leh thil dang tul leina atana hmanna tur)

The completed pond shall be capable of retaining water for at least 48 hours after filling and shall meet all parameters above to qualify for subsidy support under PMMSY.

(Sangha dil hman tur siam zawh tawh chu tui chhun anih atangin darkar 48 thleng tui a chelh thei tur ani a. Tin a chung a kan sawi tehfung hrang hrang te khi PMMSY hnuia subsidy hmu turin a tlin tur ani.)

B. Livestock Cum Fish Culture: The breakup assumes that the ₹1.00 lakh/hectare assistance is for inputs and minor infrastructure typically supports integrated fish farming — combining livestock cum Fish on an existing or developed pond. It shall include the following components and standards:

(B. Ran leh sangha khawi pawlh: Rs.1.00 lakh/hectare tanpuina dawn tur hian sangha leh ran/thil dang khawi pawlhna atan a dil chhung mamawh leh thil tenau lakkhawmna tur a kawh ber a. Chumi awmzia chu dil awmsa emaw hman mek te a sangha leh ran khawi pawlhna a kawh ber. Tanpuina sum dawn tur hi a hnuia thil leh tehfung hrang hrangte siamna atan a hman tur ani:)

- **Pond Renovation-** Raising bunds, inlets, outlets, and trench preparation.
(Dil tuaihnumna: Dil kotlang tihsan, tui luhna, tui chhuahna leh hmun awl thuk lai bik (trench) siamna tur atan)
- **Livestock / Poultry Shed Construction-** Housing, flooring, feeding troughs, fencing.
(Ran/Ar in siamna: Ran n siamna, a chhuat phahna, ran chaw eina tur dahna leh pal hungna tur siamna atan a hman tur)
- **Fish Seed (Fingerlings)**— Advanced Fingerlings Rs.3@ 8000 / Ha
(Sangha chi (Fingerlings) leina tur: Sangha chi lian deuh tawh, chi pakhat man atan Rs.3 zela leiin, sangha chi 8000 chu hectare khat (1) a dah tur a ni.)
- **Fish Feed & Fertilizer / Lime**— Feed, fertilization & manuring
(Sangha chaw, leitha leh chinai: Sangha chaw leh lei tha leina tur.)
- **Livestock Procurement-** Piglets (2 nos.) / Ducklings (50 nos.) / Poultry birds (100 nos.)
(Ran leina tur: Vawk note (2) emaw varak note (50) emaw ar note (100) leina tur.)
- **Feed and Health Care for Livestock-** Feed cost and preventive health inputs
(Ran chaw leh an hriselna atan a thil lei na tur: Ran chaw leh an taksa hriselna atana thil leina)
- **Water Conveyance / Pumping / Aeration-** Water pipe, pump, net, tools
(Tui lakluhna/Tui pump na/tui chung a boruak siamna khawl: Tui pipe, pump, len leh hmanrua leina atan)
- **Water Management / Irrigation Arrangement-** Channel, pipe, or pump for water control
(Tui lakluhna leh tui Luanna tur siamna: Tui kalna, tui pipe emaw tui pump chhuahna siamna tur)
- **Implements and Labour-** Harvesting nets, tools, labour, maintenance
(Inhlawhfa hlawh leh thil tul dang mamawh: Sangha manna len, hmanrua, hlawhfa hlawh leh inenkawlina senso atana hman tur)
- **Miscellaneous / Contingency-** Signboard, maintenance, miscellaneous
(A tul dangte/harsatna thil thleng thut a hman tur: Signboard, dil enkawlina leh thil dang tul leina atana hmanna tur)

C. Others Cum Fish Culture: The breakup assumes that the ₹1.00 lakh/hectare assistance is for inputs and minor infrastructure typically supports integrated fish farming — combining Others cum Fish on an existing or developed pond. Please Specify...

(C. Thildang leh Sangha khawi pawlh: Rs.1.00 lakh/hectare tanpuina dawn tur hian sangha leh ran/thil dang khawi pawlhna atan a dil chhung mamawh leh thil tenau lakkhawmna tur a kawh ber a. Thildang leh Sangha khawi pawlh tur a awm anih chuan thailan nise....)

4. Cost Estimate (₹ 1.00 lakh / ha): (Pawisa hman dan tur chhutna (Rs.1 lakh/ha))**A. Paddy cum Fish Culture (Buh leh Sangha khawi pawlh)**

Sl. No.	Component	Unit Rate (Rs. lakh/ha)	Area (ha)	Estimate Cost (Rs. lakh)
1.	Paddy Field Modification / Bund Strengthening (Buh hmun tihdanglam/dil tlang tihchak na)	0.25		
2.	Fish Seed (Fingerlings) (Sangha chi (Fingerlings) leina tur)	0.30		
3.	Fish Feed (Sangha chaw leina tur)	0.10		
4.	Lime and Fertilizers (Chinai leh leitha leina tur)	0.05		
5.	Paddy Seed & Other Inputs (Buh chi leh thil dang dahtur leina)	0.05		
6.	Water Management / Irrigation Arrangement (Tui enkawlina leh tui Luanna tur siamna)	0.05		
7.	Implements and Labour (Inhlawhfa hlawh leh thil tul dang mamawh)	0.15		
8.	Miscellaneous / Contingency (A tul dangte/harsatna thil thleng thut a hman tur)	0.05

ANNEXURE-III

CLUSTER APPLICATION FORM FOR PMMSY / STATE SCHEMES (ZAU HNUIAIA SANGHA KHAWITUTE TANA PMMSY/STATE SCHEME A TANPUI DILNA FORM)

FISHERIES DEPARTMENT, GOVERNMENT OF MIZORAM
(For Cluster-Based Pond Construction & Development Activities)

1. Cluster Details (Zau chungchang)

1. Cluster Name (Zau hming)	:	_____
2. Village / VC / Ward	:	_____
3. Block	:	_____
4. District	:	_____
5. Total Number of beneficiaries in Cluster (Zau a beneficiary zawng zawng zat)	:	_____
6. Total Proposed Pond Area (ha) (A pumpui a dil-a laih tum zawng (hectare in))	:	_____

2. Detailed List of Beneficiary Farmers: Annexure I

(Zau chung a Beneficiary tin ten Annexure-I hmangin form hi fill up vek tur ani a. Chung form te chu he form nen hian a hlawmin thehluh tur ani.)

3. Cluster Site Assessment (Zau dinhmun bihchianna)

1. Common Water Source (Tui hna hmuhna)	:	☐ River (Lui) ☐ Stream (Tui luang) ☐ Spring (Tuikhur) ☐ Rain-fed (Ruah chawm) ☐ Groundwater (Lei hnuai tui) ☐ Others: _____
2. Water Reliability (Tui hna awm theih chung)	:	☐ Perennial (Kumtluan) ☐ 6-8 Months (Thla 6-8) ☐ Less than 6 Months (Thla 6 aia tlem)
3. Distance of Water Source to Cluster (m) (Tui hna atanga Zau hlat zawng (metre in))	:	_____
4. Terrain Type (Zau hmun awmdan)	:	☐ Plain (Phaizawl) ☐ Hilly (Tlang) ☐ Valley (Phairuam)
5. Soil Type (Lei awm dan)	:	☐ Clay (Tlak lei) ☐ Loam (Leitha) ☐ Sandy (Vut) ☐ Mixed (Lei inchawhpawlh)
6. Accessibility (Inkalpawhna)	:	☐ Permanent Road (Kawngpui tha) ☐ Seasonal Track (Hunbi nei kawng) ☐ Footpath (Ke kawng)
7. Power Availability at Cluster (Kawlphetha chungchang)	:	☐ Grid (Electric line pangngai) ☐ Solar (Ni zung hman) ☐ None

4. Cluster Operational Feasibility & Advantages (*Zau hman anih avanga enkawl awlsamna leh thatna*)

1.	Proximity of Farmer Ponds within Cluster (<i>Zau chhunga dil awm te inhnaih dan</i>)	:	_____
2.	Shared Input Supply Distance (km) (<i>Zau chhunga miten a huho a dil mamawh heng sangha chaw, a chi, lei tha, chinai leh a dangte an lakkhawmna tur hmun hlat zawng (km in)</i>)	:	_____
3.	Shared Market Distance (km) (<i>Zau chhunga miten an thawhchhuah zawrhna hmun intawm hlat zawng (km in) hetiang a awm chuan</i>)	:	_____
4.	Is Collective-Input Purchase Possible? (<i>A huho a sangha khawi pun na hmanrua lei theih ani em?</i>)	:	☐ Yes ☐ No
5.	Is Collective Harvesting/Marketing Possible? (<i>A huho a sangha man khawm leh hralh theih ani a ngem?</i>)	:	☐ Yes ☐ No

5. Project Purpose & Expected Impact (*He project thil tum leh nghawng a neih theih dan tur*)

1.	Primary Objective of Cluster (<i>Zau a hnathawktute tum ber chu</i>)	:	☐ Livelihood Support (<i>Ei leh bar zawnna a min khaidingtu</i>) ☐ Income Enhancement (<i>Pawisa thawhchhuah ti tam tu</i>) ☐ Productivity Improvement (<i>Sangha thar zat tihtam nan</i>) ☐ Community Development (<i>Khua leh tui chawikannan</i>)
2.	Expected Number of Beneficiary Families (<i>Chhungkaw engzat in nge he tanpuina hi dawng ang</i>)	:	_____
3.	Market Linkages Identified (<i>Thil tharchhuahte hralhna tur atan a inkalpawhna hmuh tawh ani em</i>)	:	☐ Yes (<i>Hmu</i>) ☐ No (<i>Hmu lo</i>). If yes, provide details: (<i>Hmuh tawh anih chuan a hnuaiah hian a kawng awmna leh kawng awmdan kimchang ziak rawh:</i>) _____
4.	Existing Fisheries Support Received (Cluster or Individual) (<i>Sangha tharchhuah tanpuina awmsa hmuh tawhna (Zau tanpuina emaw mimal tanpuina)</i>)	:	☐ None (<i>Awmlo</i>) ☐ Pond (<i>Dil sak tanpuina</i>) ☐ Netting/Inputs (<i>Len emaw dil chhunga dah chi thil dawn</i>) ☐ Hatchery (<i>Sangha inthlahpunna</i>) ☐ Cold storage (<i>Sangha vawnthatna hmun vawt</i>) ☐ Other: (<i>Adang a awm chuan ziak rawh:</i>) _____

6. Compliance & Declaration (Cluster Representative / Authorized Person)
Dan zawmna leh intiamkamna (Zau aiawh tu/Thuneitu)

I/We hereby declare that:

(Kei/Keini hian a hnuaia thu te hi kan zawm ang tih kan intiam:)

1. The information provided is true and correct to the best of my/our knowledge.
(Kei /Keini hian hriattirna kan tarlan te khi thudik leh thu belhchian dawl chauh ani tih kan pawm.)
2. The cluster/individual farmers have not availed similar subsidy for the same activity under any other scheme
(Mimal/Zau dil neitu te hian hetiang ang tanpuina hi eng tanpuina mah, eng scheme awmsa atang mahin dawn ala ni lo tih kan pawm.)
3. The assets created under PMMSY/State Schemes shall not be sold, transferred, or misused for at least 5 years.
(PMMSY emaw kan state sorkar atanga rotling dinna tur thil dawn te hi kum nga (5) a tlin hma chu hralh emaw inchhawmsak emaw diklo taka hman ani lo ang tih kan intiam.)
4. All required permissions/clearances shall be obtained before implementation.
(Dilna/phalna ngai zawng zawngte hna tan hma a tifel turin kan intiam.)
5. The project shall remain open for inspection by the Fisheries Department/DLC whenever required.
(He hna kalpui tur hi Department in emaw DLC (District Level Committee) ten a tul an tih hun hunah an endik emaw an zirchiang thei reng ang tih kan intiam.)
6. The cluster will collectively maintain the created assets and use them solely for fisheries purposes.
(He thil rotling din tur hi Zau nei tute hian kan inenkawl tawm reng ang a, sangha khawilam chauh atana hmang turin kan intiam.)
7. The decision of the District Level Committee / Fisheries Department regarding approval or rejection will be final at the district level.
(District Level Committee / Fisheries Department tena an pawm leh an hnawl te hi kan district chung atana thu tawp ani ang tih kan pawm.)

ANNEXURE-VI

DETAIL PROJECT REPORT ON [NAME OF COMPONENTS AS PER GUIDELINES] UNDER PMMSY
FOR THE YEAR [2026-2027]

REPRESENTATIVE PICTURE

DPR Format

CONTENTS

Sl.	Particulars	Page No.
1	Project Summary	
2	Background/Introduction	
3	Benefits and Justification	
4	Objectives	
5	I. Technical Details II. Technical specifications	
6	Project Formulation a. Organization and management b. Risk assessment (Bio-security & Environmental Concern)	
7	Cost Estimates a. Capital Cost b. Input Cost c. Operational Cost	
8	Techno economic Feasibility a. Estimates of Output and Value of Output b. Estimates of Project Worth/Feasibility c. Cost benefit analysis wherever required.	
9	Expected Outcomes	
10	Sources of funding for implementation of the project (Own contribution /bank loan)	
11	Milestones and Timelines (month-wise)	
12	Design and layout	
13	Declaration	
14	Checklist of documents to be furnished	

Contents as elaborated below need to be filled up by the Applicant

1. PROJECT SUMMARY

1.	Title									
2.	Name of beneficiary/ies									
3.	No. of units/area									
4.	Unit Cost (Rs. in Lakh)									
5.	Government share of the project (as per Unit Cost)	60% Government Share (54 % Central share and 6 % State Share)								
6.	Beneficiary share	40% from the Project cost								
7.	Project Duration	No. of Months FY:								
8.	Project Location (Village, Mandal, District, State)									
9.	Name & details of Eligible Entity (Address, Aadhaar& Mobile No) (Only for individual category)	<table><tr><td>Name:</td><td></td></tr><tr><td>Address:</td><td></td></tr><tr><td>Aadhaar card No.:</td><td></td></tr><tr><td>Mobile No:</td><td></td></tr></table>	Name:		Address:		Aadhaar card No.:		Mobile No:	
Name:										
Address:										
Aadhaar card No.:										
Mobile No:										

2: INTRODUCTION/BACKGROUND(Should be region specific)

[Limit to maximum of 200 words in 1-2 para]

3. BENEFITS AND JUSTIFICATION:[1. 3-5 Points and 2. Comparative study justifying the advantage of the project]

4. OBJECTIVES:[3-5 points]

Kindly elaborate on the key targets and aims of the project.

5. TECHNICAL DETAILS

a. Site/Location details: The proposed sites are located at _____ and is free from all encumbrances. The site is suitable for _____ and carrying out proposed project. The site is not flood prone and is easily accessible by road and has regular power supply. The proposed project site is compatible to carryout said activities in the proposal (Kindly elaborate).

- I. Identification of suitable site and Site/Location Details
- II. Necessary engineering and socio-economic investigations and surveys.
- III. Planning and designing of the facilities and
- IV. Model studies wherever required etc.

b. Technical specifications (*Project Specific)

Project specific technical details of project are to be included For Example:

Specification of Machinery and
Equipment for aquaculture projects

Details Lands Viz., Texture, PH, Clay content etc., Fish seed Quality –Mortality rate.

Details of desired temperature, durability, perishability for fish/ specifications of fish transport facilities for fish transport

Details of desired temperature, durability, perishability for fish for cold storage/ice plant projects. etc

6. PROJECT FORMULATION

a. Organization and management:

- *Example: Project will be implemented by the beneficiary under the technical support Dept, of Fisheries, State Govt.*

b. Risk assessment (Bio-security & Environmental Concern) Any Environmental clearances, region specific Pollution control board clearances, required Pls elaborate

Example: The project will create no hazards to both human and environment at any cost.

7. COST ESTIMATES

a. Capital Cost

b. Operational Cost

Example:(1ha/unit model)

A. Capital Cost					
S.N	Particulars	Units	Quantum	Rate (Rs.)	Total
1					
2					
3					
4					
5					
6					
7					
	Total "A"				
B. Operational cost for one crop (_____ months)					
1					
2					
3					
4					
5					
6					
7					
8					
9					
	Total B				
	Total A +B				

8. TECHNO ECONOMIC FEASIBILITY STUDY

A) ESTIMATES OF OUTPUT AND VALUE OF OUTPUT

S.N	Particulars	Units	Quantum
1			
2			
3			
4			
5			
6			
7			
8			

B) ESTIMATES OF PROJECT WORTH/FEASIBILITY

1 Ha/unit Model (Rs in lakh)		
S.N	Year	
1	Capital Cost	
2	Recurring Cost	
3	Total Cost	
4	Gross Benefit	
5	Net Benefit	
6	Present Worth of Costs @ 15%	
7	Present Worth of Benefit @ 15% DF	
8	Net Present Worth (PW Benefit - PW Cost)	
9	Benefit Cost Ratio (PW of Benefit / PW of Costs)	
10	Internal Rate of Return	

C) COST BENEFIT ANALYSIS

9. EXPECTED OUTCOMES

10. SOURCES OF FUNDING FOR PROJECT IMPLEMENTATION (40%)

- Whether the beneficiary/ies will contribute from own saving/available fund.
 - Will take loans to match the contribution.
-

11. MILESTONES AND TIMELINES (month-wise)

Milestone	Activity in Month											
	1	2	3	4	5	6	7	8	9	10	11	12

12. LAYOUT AND DESIGNS:

Design Intent, Calculations, Estimates, Detailed Drawings etc.

13. DECLARATION

1. I am/We are aware that PMMSY is a government of India scheme in which out of Total Project cost , 60% of the cost will be provided by the government . I/We assure that rest of the 40% will be borne by me/us and I/we will not avail subsidies from any other scheme.
2. I undertake to utilize the subsidy amount strictly for the intended purpose and not for any other activity.
3. I shall maintain proper records, bills, vouchers, and supporting documents related to the expenditure of the subsidy and produce them before the concerned authority whenever required.
4. I shall abide by all the terms and conditions of the scheme/guidelines issued by the Government.
5. I shall refund the subsidy amount to the Government if it is found, at any stage, that I have misutilized the assistance, furnished false information, or violated the scheme conditions.

14. CHECKLISTS TO BE FURNISHED

- ✓ **Aadhaar card/ Firm registration/ Society registration**
 - ✓ **Land Documents**
 - ✓ **Cost Abstract**
 - ✓ **Cost Estimates for Civil works**
 - ✓ **Quotations for Machinery and Equipment**
 - ✓ **Economic Viability report**
 - ✓ **Layouts and Drawings of the project.**
-

Declaration by Applicant (Dan zawmna leh intiamkamna)

I hereby declare that-

(Kei hian a hnuaia thu te hi thudik chauh ani tih ka pawm a. Heng a hnuaia thu te hi ka zawm ang tih ka intiam e -)

1. I am the rightful owner or legal lessee of the proposed land, free from encumbrances or disputes, and in case of leased land, the lease period is not less than seven (7) years from the date of this proposal.

(Ram neitu tan – “Dil siam na hmun tur ka ruahman hi a neitu diktak ka ni a, ram min chuhpuitu emaw he ram chungchangah hian midangte nen in nghirnghona engmah a awmlo tih ka Chiang e”

Ram hawh tu tan - “He ruahmanna ka thehluh atanga kum 7 aia tlem lo hawh tur ka ni tih leh dan ang thlap a hawh ka ni tih ka Chiang a, buaina awm thei lakah ka fihlim ani.”)

2. A. I have not availed subsidy for the same activity or land under any other Government scheme. ()

(He ram ka ruahman mek ah hian sangha dil laihna atan, sawrkar scheme atangin tanpuina subsidy ka la hmu lo.)

- B. I have not availed subsidy for the same activity or land under any agency. ()

(He ram ka ruahman mek ah hian sangha dil laihna atan, agency atangin tanpuina subsidy ka la hmu lo.)

3. I understand that the Central assistance (subsidy) will be released in instalments to the State Government, and that my subsidy will be disbursed accordingly in instalments based on verified progress and quality of work, as assessed by the DFDO or authorized representative.

(Central sawrkar in Mizoram sawrkar hnenah dil laih tanpuina (subsidy) chu a tahtawl in (installment) a pe thin tih ka hria a, DFDO emaw a aiawh ten ka dil siam an endik hnuaia ka hnathawh that dan a zir in installment in ka hnenah an pe ve leh dawn tih ka hria e.)

4. I accept that subsidy release shall be subject to physical verification, quality assurance, and completion of work, and shall not be automatic or full unless all prescribed standards and documentation are met.

(Subsidy dawn dan kalphung hi hnathawh that dan, quality endikna leh hna zawh fel hnu ah chauh pek chhuah kim a ni ang tih ka pawm a, PMMSY in dan a siam mil thlap leh document pawimawh zawng zawng hlen fel anih loh chuan ka dawng kim thei dawn lo tih ka pawm e.)

5. I shall operate, maintain, and use the components as it is sanctioned.

(He components hi a nihna tur ang takinka hmang ang.)

6. I understand that if the component is abandoned, misused, diverted, or falsely reported, the Government subsidy shall be recoverable with interest as per PMMSY and Departmental rules, and I shall refund the full amount received.

(He component hi enkawl lohin ka dah emaw, diklo takin thildang tih nan ka hmang a nih a, report dik tawklo Department hnena ka thlen anih chuan, subsidy/tanpuina ka dawn tawh chu PMMSY leh Department dan leh hrai ang in a pung (interest) zawng zawng nen a rulh let leh theih a ni tih ka hria a, sum ka dawn tawh zawng zawng ka rulh let leh vek angai tih ka hria in ka pawm e.)

7. I shall permit departmental officers to inspect the site during or after construction to verify quality, functionality, and continued use.

(Department officers ten ka siam lai in emaw, siam zawh tawh hnu ah a ni emaw, a that dan te, enkawl chhunzawm a nih leh nih loh te an rawn endik ka remti e.)

8. I am aware that any false information, poor-quality work, or deviation from approved design may lead to cancellation of subsidy and disqualification from future schemes.

(Information dikloh vang te, hna thawh chhiat lutuk vang te, Scheme guideline-in a nih tur ang thlap a bituk sa phak lo leh mil lo lutuk a hna thawh hian tanpuina dawn tur cancel sak leh scheme dang dil ve theih tawh lohna a thlen thei tih ka hria e.)
